

## **What does the MPT do?**

MPT members keep the Missionary Partnership Network informed by communicating news of the missionary's ministry, relaying prayer requests, organizing mission trips, speaking on behalf of the missionary, inviting people to give financially toward the missionary's support needs and providing encouragement for the missionary and their family. The work of the MPT nurtures a commitment to both local and global ministry, broadens opportunities for mission education, engages people in focused prayer for the missionary's ministry, encourages hands-on participation in mission, and increases the knowledge and ownership of a missionary's budgetary needs.
